## **Home Businesses**

Of the hundred or so families that are PCHEA, many are self employed, or boost income with home based businesses. In an effort to encourage each other, and grow connections within our group, We will "spot-light" some in the newsletter.

You may send in your story; a simple paragraph on the hows and whys of your chosen industry to a heartfelt saga of ups and downs.

Otherwise, adverts are not for the newsletter. Offers to the group on family or school related products and services are sometimes published. Check our Yahoo site for supportive swop-shopping, and for the business directory.
